LIVING IN THE OPEN.

Tempts Refugees to Avoid Work.

Contractors Find Difficulty in Getting Men to Build Ocean Shore Road.

New Valuation of Holdings Gives Impetus to Dealings in Real Estate.

Market Street's Future Assured—Important Enterprises—Fire Adjusters.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, May 3.—[Exclusive Dispatch.] The C. E. Loss Company, the contracting firm which is constructing the Ocean Shore Railroad, is having great difficulty in finding men who want to work. Big cloth signs have been strung up throughout the unburned sections of San Francisco, calling for men at wages varying from \$2 to \$2.50 a day. Occasionally some men drop in at headquarters and take a job, but the big rush of the unemployed, which was expected after the fire, has failed to materialize. The Ocean Shore people have investigated the situation thoroughly, and have been forced to the conclusion that living is too cheap. The kind of men who might do the sort of work required are living luxuriously in the parks and vacant lots. Those who are not already sheltered eagerly await the arrival of the tents which Secretary Taft purchased with the Congressional appropriation.

DOING ITS BEST.

The railroad company is doing as well as it can with available labor in the construction of temporary tracks. Halls are being laid through the Mission, and will stretch downtown in a few days. All sorts of teams, tools, steam shovels and wrecking machinery have been set up. The wreckage will be dumped in proper places along the line of permanent road.

OTHER SPURS.

The Santa Fe and Southern Pacific companies also are building tracks downtown as rapidly as possible. With these lines of steam railroads in operation, having innumerable spur tracks, it is expected that the work of clearing San Francisco will proceed at a much faster rate than the general public expects. When the building material commences to arrive in quantities, the cars which carry off debris will return with the steel and iron, stone and concrete with which new San Francisco will be constructed.

PROPOSES TROLLEY SYSTEMS.

"If the authorities will grant the United Railroads a permanent franchise to operate a trolley system on Sutter street and Larkin street and Pacific avenue, I will guarantee to have cars running over those lines within thirty days," said Patrick Calhoun, president of the United Railroads, today. "To convert these lines into a trolley system would necessitate the narrowing of the streets, and naturally the first work would only be temporary. Permanent tracks could then be built without interference with the operation of the lines in any way."

LEVELING MENACING WALLS.

Yesterday and today, a corps of engineers was engaged in leveling menacing walls on Turk, Eddy, Mason and Ellis streets. This work was completed this afternoon, and the Turk and Eddy street cars will run through to the ferry tomorrow. This will at once relieve the congestion on the street-car lines.

LAND VALUATIONS.

With the removal of the restriction upon the sale of realty, a basis is given for the new valuation of lands. The intrinsic value of land in San Francisco is just as great as before the conflagration, but its revenue-producing capacity has been reduced by the sweeping-away of nearly all the improvements in the business section, and much of the future will depend upon the celerity with which reconstruction is carried on. Happily, all of the indications are that this will be as rapid as material can be obtained and workmen can be secured.

MARKET STREET WILL BE BETTER BUILT UP THAN EVER BEFORE.

For the reason that that street is held by a very few rich men, whose interests dictate that such a course should be pursued and whose means are ample to meet the situation. This will at once establish the basis of the new San Francisco on the line of the city which has passed away—the great artery which runs diagonally across the town. Market street will quickly recover its preeminence and the monetary center of San Francisco will remain as in the past.

TOY'S WORK SPEEDED.

One important result of the fire is to advance by five years an important improvement projected by George D.

Toy on the site of the burned Union Square Market Building. It will be a seven-story hotel and store of steel construction, to cost \$300,000.

OTHER BUILDERS.

The Adams Company will erect a seven-story Class A structure on the northeast corner of Kearny and Sutter streets, to cost \$200,000. Senator Perkins will duplicate the Alto, on the southeast corner of Kearny and Bush streets, at an outlay of \$90,000; a seven-story fireproof building will be erected by the Levi Strauss Company on the southwest corner of Kearny street and Union Square avenue to cost \$350,000.

On Kearny street, adjoining the Chronicle Building, J. Ortmann will expend \$150,000 on a six-story structure, while he will invest a like amount in a building of the same size on the northeast corner of Kearny and Post streets.

On the east side of Kearny street, next to the Ortmann building, Frank Maskey will expend \$350,000 in the construction of a seven-story Class A building. Bahr Sheldeman will duplicate the Central, on the southeast corner of Sutter and Stockton streets, at an outlay of \$175,000 and will put up a six-story store and rooming-house building on the northwest corner of Sixth and Howard streets, to cost nearly two hundred thousand dollars.

BELOW MARKET.

The C. Meyer Estate Company will rebuild a Class B building for its old tenants on the northeast corner of Sixth and Mission streets, at a cost of \$150,000. The Kell Estate Company is to rebuild a six-story Class B structure on the west line of Third street, 65 feet south of Stevenson, costing \$150,000, and a temporary building in the half block on the west side of Mission street, between Twentieth and Twenty-first streets. The same owners have plans out for a brick building to cost \$90,000 on the north side of Mission street, 150 feet east of Fifth.

MORGAN OYSTER COMPANY.

A total of \$600,000 will be expended by the Morgan Oyster Company, C. W. Crellin and the Ruby Hill Vineyard Company in the erection of six-story Class A structures on three corners of Mission street, between New Montgomery and Second streets, and on Howard street, at the foot of New Montgomery street.

NEW DELMONICO'S.

The southeast corner of Bush and Fillmore streets has been leased by the Hornslee Brothers for two years, at \$900 a month, to Delmonico's restaurant and Darcy & Immel, who will spend \$100,000 in temporary buildings. This lot was sold, six weeks ago, for \$25,000, and is now leased on the basis of 6 per cent. on a valuation of \$100,000.

ESTEE AND WHOLESALERS.

The wholesale merchants of San Francisco have accepted the offer of the Southern Pacific Company for the lease of a tract of land upon which to build and conduct their business for the next year or two. Wells, Fargo & Co.'s express has made a reduced rate for expressage beginning May 1 and continuing for sixty days, and that company and the Southern Pacific Company will accept checks or due bills from the merchants for freight.

The site accepted by the wholesalers lies between Sixth and Seventh, Irwin and Sixteenth streets. The railroad company agreed to lease this tract to the merchants for one year for the rental of 1.2 cents per square foot per annum, with the privilege of renewing the lease for another year at a slightly increased rental.

VAN NESS TRANSFORMED.

Van Ness avenue, although devastated by earthquake, fire and dynamite, is now a livelier thoroughfare than ever before in its history, and the prospect is that it will continue a business thoroughfare, even after wholesale and retail trade is resumed downtown.

INSURANCE ADJUSTERS.

The insurance adjusters will be ready to receive claims in about ten days. The waiting room off the navy at the north end of the Ferry Building will be insurance headquarters until the complications arising from the recent disaster shall have been straightened out.

WITHIN TEN DAYS.

Within ten days, the adjusters will have a staff of 150 clerks installed, and will be ready to receive and act on all claims that may be filed. The eastern adjusters have recommended to the adjusting bureau the appointments of seven eastern adjusters, to act in conjunction with the local adjusters. Many of these eastern men have had great experience in the adjustment of losses, and are well-known throughout the country. Some of them have been given the broadest authority by their respective companies, looking to speedy and effective work.

MEN AND TEAMS BUSY.

Carpenters are busy putting up temporary structures and teams are moving debris from lots which are to be utilized at once. The foundations for a large building for the White Garage were laid before the fire on the lot bounded by Market, Van Ness avenue and Fell street and on these a temporary one-story frame structure is being put up rapidly.

"OPEN" FOR BUSINESS.

There are signs up on the Hotel Baltimore, on Van Ness, between O'Farrell and Geary, announcing that it is now "Open for business." Acent is placed on the word "open," as all the windows have been shattered, and the ventilation is complete. A candy and ice cream store next to it, though blackened and showing evidences of

BLOWN UP BY BOMB.

Russian Killed and Pal Lacerated.

French Police Trace Antecedents and Find Men Belonged to Revolutionists.

Incriminating Documents Seized and Wounded Man's Cousins Arrested.

Conditions in the American Labor Field—Prospects of Anthracite Strike.

(BY THE ASSOCIATED PRESS—P.M.)

PARIS, May 3.—A bomb explosion occurred in the forest of Vincennes this afternoon killing a Russian named Striga and dangerously wounding a companion named Sokoloff. The two men were proceeding through the woods, each carrying a bomb, with the evident purpose of hiding them for future use. While so doing, the bomb which Striga carried exploded, killing him instantly. Sokoloff was struck by fragments of the bomb and fearfully lacerated. The police found a revolver in Striga's pocket.

Striga and Sokoloff both were students of the School of Mages and members of the Russian Student Union. They also belonged to the revolutionary society. Neither of the men has figured in the police registers of suspected foreigners.

RUSSIANS' HOUSES SEARCHED.

The residences of Russian revolutionists have been searched, leading to the discovery of alleged incriminating documents. Two cousins of Sokoloff were arrested.

EXPLODE SECOND BOMB.

The authorities this evening exploded the second bomb. Its effects extended for 300 yards, destroying many trees. The bombs were of the shape of a pine cone, exactly similar to the one thrown against King Alfonso and President Loubet in Paris, May 21, 1905.

SCATTERED AGITATIONS.

The strike has ceased to present any general menace, and is now confined to scattered agitations, which promise prolonged struggles in several industries. Public attention is diverted to the elections to the Chamber of Deputies, which will be held next Sunday.

DRAGONS KEEP GUARD.

A number of trades are still refusing to return to work until their demands are granted. A squadron of dragons is drawn up in the courtyard of the Prince Eugene Barracks on the Place de la Republique, prepared to respond to the call of the police. The latter continue to be massed in considerable force in the neighborhood of the Labor Exchange, and occasional arrests are made, but there is no disorder. The Place de la Republique, the late storm center, is today transformed into the regular Thursday flower market, with acres of violets and geraniums, the crowds of women buyers exceeding the strikers in numbers.

AT LABOR HEADQUARTERS.

A representative of the Associated Press today visited the headquarters of the Confederation of Labor and found it virtually deserted. M. Del Sale, the acting secretary, said: "French labor movements are entirely different from American. Yours are completely centralized and organized, whereas, with us, the dependence is almost entirely on the individual."

OIL TRUST REACHES FOR GAS AND RAILS.

(BY DIRECT WIRE TO THE TIMES.)

CLEVELAND (O.) May 3.—[Exclusive Dispatch.] Negotiations to merge the illuminating gas companies of Cleveland have revealed the gigantic plans of the Standard Oil Company. Financial men connected with the deal said tonight that the Standard's plans embrace the control, as far as possible, of all the illuminating companies between the Atlantic Ocean and the Mississippi River, and the purchase of a controlling interest in all interurban traction companies whose independent operation might clash with the huge combine.

The United Gas Improvement Company of Philadelphia, which has more than thirty companies listed on the New York Stock Exchange, as being under its control, is the medium through which this mammoth scheme is being pushed. It is declared to be simply another name for the Widener, Elkins syndicate, which is generally reported to be the bidder for the control of the gas companies here and in Cincinnati.

FUNDS OF RESERVE.

Charges of Juggling Taking Shape.

Efforts to Divert Securities, It Is Alleged, Affect Other Concerns.

Fifty More Complaints Entered Against the Bond Company in Court.

Examining Attorney Thinks the Liabilities Will Reach Seven Millions.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, May 3.—[Exclusive Dispatch.] The charges of juggling funds made against the officials and directors of the American Bond Reserve Company took definite shape today. It was claimed that at a meeting last Tuesday, when all the directors knew the firm was insolvent, an attempt was made to divert \$357,000 in notes and \$157,000 in cash from the assets of the company to the Western Gas and Investment Company.

It is charged that the directors of the Reserve Company have heavy interests in the gas concern, and it was stated under oath that the Reserve Company tried to "take the cover" at the last minute by transferring these assets.

STOLE A MARCH.

C. H. Stoll, counsel for the Gas Company, learned, April 23, that things were not altogether as they should be with the Reserve Company, and he made a demand that the notes and securities of his company be returned. The directors of the company it was declared, met Tuesday and voted to comply with the demand.

HOW GAS GOT IN.

The Western Gas and Investment Company became involved with the Bond Reserve Company, according to the testimony, through the Austin Land and Lumber Company of Missouri. One million dollars' worth of stock in the latter company had been accepted by the Reserve Company at par value, but last January some doubt arose as to the value of the lumber company's stock, and it was taken over by the company at an appraisal of \$600,000. For this stock, the investment company gave the Reserve Company the securities and notes mentioned.

LICENSE ILLEGAL.

It also developed that, as early as last week, the license under which the Bond Company operated was found to be illegal, and the Attorney-General of Illinois notified the companies affected to cease operations forthwith. The assets of the company are shrinking steadily.

"I believe now."

said one of the examining attorneys today, "the liabilities of the firm will aggregate at least \$7,000,000, while the visible assets will amount to not more than \$2,000,000."

FIFTY MORE COMPLAINTS.

(BY THE ASSOCIATED PRESS—P.M.) CHICAGO, May 3.—Fifty more complaints entered today, into the attack upon the American Reserve Bond Company in the United States Circuit Court. Judge Bethes allowed them to file an intervening petition. Their claims against the company aggregate \$20,000.

RECEIVER'S BOND INCREASED.

After granting the filing of the petition, the court ordered that the bond of the Western Trust and Savings Bank, which is acting as receiver, be increased from \$25,000 to \$250,000. The increase in the bond was ordered because of the discovery that the bond company has \$35,000 on deposit in a local bank and securities valued at \$300,000 in a safety-deposit vault in this city. It was declared in court, today, by the receiver, that in addition to the assets held in this city, the company has \$239,000 deposited with State officials in Kentucky and \$1,200,000 in Missouri.

ST. LOUIS APPLICATION.

(BY THE ASSOCIATED PRESS—P.M.) ST. LOUIS, May 3.—Application was made in the Circuit Court, last night, for the appointment of a receiver for the American Reserve Bond Company in Missouri, to prevent the Missouri assets of the company from falling into the hands of the Western Bank and Savings Company of Chicago, which was appointed receiver for the company by the Federal court in Chicago.

Circuit Judge Fisher today appointed the Mississippi Valley Trust Company receiver, and issued an injunction to prevent the Bond Company from interfering with the receiver. The bond of the Mississippi Valley Trust Company, as receiver, was fixed at \$1,200,000.

JESSUP AGAIN PRESIDENT.

NEW YORK, May 3.—Morris K. Jessup was today re-elected president of the Chamber of Commerce.

FUNDS OF RESERVE.

Charges of Juggling Taking Shape.

Efforts to Divert Securities, It Is Alleged, Affect Other Concerns.

DEPARTMENT
EXPENDITURES.Mr. Williams Delays the Wil-
son Investigation.Objects to Resolution Giving
the Committee Power.Senator Tillman Makes At-
tack on the Judiciary.

BY THE ASSOCIATED PRESS—A.M.

WASHINGTON, May 2.—At the beginning of the session of the House today Mr. Littlefield of Maine presented a resolution authorizing the Committee on Expenditures of the Agricultural Department to send for persons and papers in the proposed investigation of that department.

Mr. Williams of Mississippi, reserving the right to object, said that while the investigation was exceedingly important, it was not half so important as providing schools for the children of the Indian Territory, contemplated in the Indian Bill.

Mr. Payne of New York rose to object, but Mr. Williams had his eye before the Republican floor leader could protest.

"I do not care about the gentleman's objection," he said, "I want to know what the committee is going to do."

Mr. Littlefield said: "The gentleman does not care if the gentleman cares or not."

Mr. Williams said: "The resolution went over."

Mr. Littlefield said: "The resolution went over."

tween him and Mr. Spooner had drawn to a harmless close, returned to his staid life on a certain Federal judge. He considered the case of Editor Josephus Daniels of the Raleigh, N. C. News and Observer, who, he said, had been thrown into prison for criticizing the appointment of a receiver with the Atlantic and North Carolina Railway by Judge Purnell.

Mr. Tillman said he could review instances in his own State of acts of tyranny and indecency, but the judge committing them is dead and had settled his accounts elsewhere. The Senator said he also knew some cases in Georgia, but that he would take up the case of Circuit Judge Pardee in enjoining the Florida Railroad Commission from instituting suit to compel the Louisville and Nashville Railroad to reduce its fares from 4 to 3 cents a mile. He charged that Judge Pardee ought to be impeached for his course. If impeachment proceedings were brought to the Senate, Mr. Tillman predicted that there would not be votes enough to impeach, although the judge was proved guilty of violating his oath of office.

Mr. Tillman next paid his respects to the case of Judge Charles Swayne of Florida, whom the Senate refused last session to impeach. He explained the situation was such as to require the administering of some "physic." He would not allow the judge to "run up and down the land doing whatever the railroads want, and refusing to grant relief to the people."

TO THE SUPREME COURT.

Mr. Bacon said the same judge that would issue an interlocutory decree must in the end pass upon any case before him, and asked what remedy there was if there were so many judges guilty of reprehensible conduct.

Mr. Tillman replied that he would depend upon the Supreme Court.

Mr. Bacon also replied that in case a temporary injunction was granted, a given case, it would be held up indefinitely, whereas it would be expedited, if there should be no injunction. These declarations led to a controversy over the right of appeal in injunction cases, in which Messrs. Bailey, Spooner, Bacon and Calhoun participated.

ORIGINATING CHARGES.

Mr. Tillman asked Mr. Bacon if he did not believe it proper to call the attention of the country to the dereliction of judges, as there was no way of punishing them except by impeachment.

Mr. Bacon said that the Senate had no right to originate charges, and that for it to do so was to usurp the power of the House, and, in a measure, disqualify Senators from conducting impeachment proceedings. He admitted that he had voted for the impeachment of Judge Swayne, and said that he was sorry Swayne had not been found guilty.

Mr. Tillman declared that he had not intended to censure the entire judiciary, but contended that so long as there was a possibility of impeachment, Pardee and Swayne on the bench, the criticism of individual members of the judiciary was justified.

TILLMAN'S POSITION.

Mr. Tillman said the judiciary of the United States as most exemplary known to the history of the world, but said he had known of many individuals who departed from the high standard of the great judges, and he named himself as favorable to the Rate Bill, as it passed the House with the addition of the Bailey amendment, including the provision for a court review.

Mr. Bacon opposed Mr. Bailey's contention that the judiciary should not be criticized on the floor of the Senate. Consideration of the Army Appropriation Bill was resumed, and after further amendment, it was passed. A journal took place at 5:55 o'clock p.m.

COPYRIGHT LAWS.

WASHINGTON, May 2.—It is understood the third and final draft of the bill to codify the copyright laws of the United States is practically completed, and will be submitted to Congress by the Copyright Commission in about ten days.

Since the conference, held some weeks ago in the Library of Congress, a complete redraft of the proposed laws has been made. This has been submitted to representatives of all the interests present and has met with their approval. The bill, however, is to receive careful attention at the hands of the Senate and the House Committee on Patents, and extended hearings will be held.

Those interested in the measure are anxious to get action on the Copyright bill, but in view of the session of Congress, and the desire for thoroughness on the part of the committee, some doubt is expressed regarding immediate action.

USE OF ALCOHOL.

COMMITTEE OF INQUIRY.

WASHINGTON, May 2.—Senator Aldrich, chairman of the Committee on Finance, appointed a sub-committee to take testimony on the Free Alcohol Bill, as follows: Senators Aldrich, Allison, Burrows, Bailey, Hale, Money and Spooner.

The chairman stated that the committee would take up the matter immediately, and that, as far as he knew, all members of the committee were in favor of the widest possible use of alcohol in the arts and industries, and for other purposes indicated in the House bill, free of tax, so far as it could be done with safety to the revenue.

STATEHOOD CONFERENCE.

TWO IMPORTANT CONCLUSIONS.

WASHINGTON, May 2.—Two important conclusions were reached in the conference on Statehood today. One settles the school-lands question and the other makes the present restriction of territory subject to the purpose of court jurisdiction during the formation of the new state and the erection of permanent county boundaries.

As to the school lands, the Warren amendment passed by the Senate provided that where school lands were found to be mineral lands, lieu selections should be made. The substitute agreed upon provided that the State may lease its mineral school lands, and shall, therefore, not be deprived of their greater value.

CONGRESS AND CANAL.

NOT TO DETERMINE TYPE.

WASHINGTON, May 2.—Congress is not likely to pass legislation determining the type of canal to be constructed across the Isthmus of Panama.

Aristides, taking note of the fact that this was the drift of a discussion by the Senate Committee on Inter-oceanic Canals yesterday, The sentiment expressed by an over-zealous member of the committee was that the present law, the Spooner Act, intended to provide for a lock canal and that Congress, having once decided upon a lock canal, should not alter its decision, especially as the administration charged with the construction favors the plan.

EDWARDS IS CONFIRMED.

ALSO JULIUS JACOBS.

WASHINGTON, May 2.—The Senate, in executive session, confirmed John H. Edwards of Ohio, as Assistant Secretary of the Treasury, and Julius Jacobson of California as Assistant Treasurer of the United States at San Francisco.

EDITOR DANIELS'S CASE.

disturbance, is doing a rushing business.

The greatest display of enterprise yet noted on the avenue is on the northeast corner of Post, where the Emporium has leased a mansion and has some goods on the counters already. A large sign announces that this important concern has \$250,000 worth of merchandise on the way.

EDMOND STOVER.

RESUME OF THE DAY.

COMMERCIAL BANKS RESUME.

BY THE ASSOCIATED PRESS—P.M.

SAN FRANCISCO, May 2.—No plan has yet been decided upon for securing funds for the restoration of this city. Although various schemes, some of them apparently feasible, have been submitted to the General Committee, none of them has yet been given even the semblance of official endorsement, and the local financiers continue to worry over the problem, hoping that the early future will produce a solution that will relieve San Francisco from her great burden of municipal debt.

Each day at the assembling of the General and Finance Committees, the subject comes up for discussion, but there is no disposition to be conservative and cautious, and it is probable that several of the great centers of the financial world will be consulted before any definite proposition is formulated.

THE HOSPITAL FIRE.

Other than an early-morning fire that threatened the safety of the several hundred patients in the Presidio Hospital, the day passed without special incident.

The gigantic task of cleaning up the great ruined district was commenced this morning. The city is now a scene of confusion, and the decision of the police to arrest as vagrants all able-bodied men without visible means of support who refuse to work, has had the effect of removing many idlers from the streets, and added materially to the strength of the army engaged in the reconstruction.

The larger railroads have made good progress in running spur tracks into the burned sections, and next week it is expected that the closing material, which will be used in other sections of the county for filling and grading.

WATER SUPPLY.

Although the water supply in the burned part of the city is increasing daily, there is not yet an adequate flow for use in case of fire, and all cooking is still carried on in the streets. It is anticipated that the remedial situation will be remedied within a few weeks, and then a thorough house-to-house inspection of chimneys will be made before residents will be allowed to use their kitchen stoves.

BANKS DOING BUSINESS.

All of the commercial banks resumed business today in their temporary quarters, the cash at each place the deposits exceeded the withdrawals, which fact they accepted as an indication of the confidence of the merchants in the future prosperity of the city.

BUILDING PERMITS.

The number of permits issued for the reconstruction of retail business grew larger as each day passes. The committee having this matter in charge reports that 800 retailers are now operating in new quarters. Most of the larger stores have commenced to pick up the ends of their shattered trade, and are installed in the residence section.

SCHMITZ NOT BEAUTIFYING.

City Engineer Woodward today submitted a comprehensive plan for the rebuilding of the city, and it is in sight, the purpose being to insure better protection against the spread of fire, as well as to beautify the city. In this connection Mayor Schmitz has advised against entertaining any extravagant ideas in the beautification of the new city. He estimated that the replacement of ruined municipal buildings, including school and fire houses, would alone cost \$100,000,000.

Gen. Greely gave warning to the Finance Committee of the Citizens' Relief Committee, this afternoon, that he had only eleven days' rations on hand; that the army could not furnish an ounce of food beyond that which has already been purchased, or it is in sight, and that the feeding of the people is a problem which demands immediate attention. After considerable discussion, the committee decided to have a summing-up of resources and needs at a conference tomorrow afternoon. Following this meeting, it is probable that an appeal for supplies will be made to the country at large.

PROPERTY HOLDERS.

CLING TO HOLDINGS.

BY THE ASSOCIATED PRESS—P.M.

SAN FRANCISCO, May 2.—It is reported that many persons wish to buy real estate and no one wants to sell. This inclination, together with the fact that there is not enough money in circulation to make big deals, possibly is causing a great deal of leasing. In one instance, where the property on the northwest corner of California and Montgomery is concerned, a deed was drawn up a few days before April 15, and the property was about to be transferred from owner to buyer. But now the owner will not sell and the prospective buyer insists on having the deal closed. This is one instance which shows the tendency of property owners to cling to their holdings in individual distress.

The Santa Fe company is devoting its attention to preparations for the expenditure of \$500,000 for freight sheds and locomotives at China Basin, which is to be the delivery point for all Santa Fe freight except those consignments which will come naturally to the Spear and Harrison, or Lombard street tracks.

The Oakland Relief Committee today received a letter from Gen. Greely, stating that if he can secure the requisite number of soldiers to execute the work he will next Monday place the Oakland relief work under government supervision.

EARTHQUAKE DOOMS.

THE CONDUIT SYSTEM.

C. E. Loss of the contracting firm of C. E. Loss & Co., which some time ago was awarded the contract to reconstruct the Geary-street cable railroad as a municipal electric conduit system, today said that it is no longer practicable to build a conduit system in San Francisco. He thinks that the experience of the United Railroads in the present calamity should be an object lesson to the city.

The big corporation was able to operate its overhead trolley system within a few days after the fire, while it will be months before any of the cable cars can be started. As it was with the cables, so it would be with conduit in case of another tremor, according to Loss. Both use the cable slot, and it was the closing of these slots which made it impossible to operate cars on the cable system in this city.

QUAKE BRIEFS.

San Francisco Calls on Germany.

ESSSEN, May 2.—German iron works are flooded with inquiries from San Francisco, regarding prices and period of delivery. It is expected that heavy orders will be placed here, but owing to the amount of work booked, it is doubtful whether the mills can begin shipping to America within three months. The steel syndicate has just voted \$1.25 increase on the price for structural steel.

Relief Moving Over Union Pacific.

OMAHA, May 2.—The following statement was issued yesterday by General Manager Mohler: "Following relief supplies for San Francisco are being moved over the Union Pacific Railroad: One car canned corn, Waterloo, Iowa; one car canned vegetables, Baltimore; one car flour, Minneapolis; transfer; two cars supplies, Boston; one car provisions, Omaha."

\$200,000 NEEDED

For Northern Hale Stores

We shall strain every nerve to make today the biggest day since the sale commenced.

There must be no lull—no dull hours.

Bear in mind that only a small hint of the reductions can be mentioned in our advertisements.

You are almost sure to find the very things you want among the articles that have been reduced.

75c, \$1.00 and \$1.25 Skirt Widths in Embroideries 25c

10,000 yards of skirt width and handsome corset cover embroideries. Some trimmed with German Valenciennes and edgings. Beautifully embroidered and Pompadour embroideries on the finest of Swiss, satin and cambric. Insertions measure from one to eight inches wide. These embroideries are the newest pattern and designs perfectly stitched and are from 1-2 to 6 inches wide with regular extra wide margins. They are not fictitious, the regular selling price would be 75c, \$1 and \$1.25 the yard. Today special 25c.

90c and \$1 Bed Spreads 69c

100 odd bed spreads, good double bed size. While they last today 69c each.

50c Bleached Table Damask 39c

Only about 5-12 pieces in handsome designs, good width. Today 39c the yard.

7 1/2 and 9 1/2 Outing Flannel 5c

Only a small lot, blue and pink stripes, some today 5c.

20c and 25c Mohairs 10c

Only about 50 lengths left, from 15 to 20 yards out of 2000 yards. These are very good patterns and look very much like wool mohair. Today 10c the yard.

20c Linen Finish Suiting 15c

Looks and wears like pure linen. Comes 34 inches wide. Today 15c the yard.

Cloth Suits 25 Per Cent. Off

Without a single exception our magnificent new Spring stock of tailor-made suits will be run off next week at a genuine reduction of 25 per cent. from original price on each and every one. When you consider that many of these have only just arrived during the past week, and that our original prices were exceptionally low, you can realize what bargains will be afforded.

The stock includes everything you can possibly desire—win some new cream suits in the advance July and August style. Voles, Panamas, Chiffon Broadcloth and novelty weaves in plain colors, in plaids and other effects.

Jackets come in Eton styles with fancy vest fronts, short sleeves and stitched girdles. Others in the style. Some in the short tight fitting coat effect known as the Redfern. Skirts cut in all the improved and wanted designs.

Prices range from \$10.50 to \$50.00, and remember we guarantee a reduction of 25 per cent. on original price on every tailor-made suit in stock.

Sacrifice of Muslin Skirts

It is needless to add that every reduction is exactly as quoted. Save money on your muslin skirts and in Hale's raise cash for its Northern stores.

50c Muslin Skirts 33c

Women's muslin skirts, 13-inch ruffle with hem-stitched hem; underneath dust protector; 50c value; special 33c.

75c Muslin Skirts 50c

Women's muslin skirts, umbrella style; cluster of fine tucks; underneath dust protector; 75c value; special, 50c.

\$1.00 Muslin Skirts 89c

Women's muslin skirts, lawn blouse; six hem-stitched tucks; 44-inch embroidery ruffle; underneath dust protector; \$1.00 value; special, 89c.

SHERIFF RUNS DOWN FORGER.

Two Thousand Mile Chase Ends in This City.

Official from Oklahoma Has Strenuous Time.

Tracks Hill Seven Months by a Grip-Case.

After following his man for seven months, during which he covered over 2000 miles, Sheriff Barney Davis of Custer county, Oklahoma, located W. E. Hill, forger, in Los Angeles yesterday afternoon. The arrest was made by Deputy Sheriff J. S. Sepulveda of this county, for Davis. Hill has been wanted since last October, and is held on a score of counts. He was incarcerated in the County Jail yesterday and Davis will start with him for Oklahoma today.

Last October, Hill started a veritable carnival of crime in the town of Arapahoe, Oklahoma. At the Custer County and State Bank, he forged a name to a check for \$400; at the Butler County Bank one for \$350, at the First Bank, \$200, the Sayer Bank, \$250, and at the Elk City Bank, \$150, making a total of \$1450. He disappeared immediately afterward, and the entire country west of the Alleghenies has been scoured for him since then.

Sheriff Barney Davis, known in Custer county as one of the shrewdest sheriffs of a lawless district, was detailed on the case. Davis followed the man from one place to another by following a grip-case belonging to the father-in-law of Hill, a Mr. Crise. Wherever this grip was checked Davis started for that place, and kept on the trail through the Republic of Mexico, Arizona, and some of the most out of the way places of the Western States.

Each time Davis came up with his man he was unable to make an arrest, so wily was the wholesale forger. His father-in-law, Crise, accompanied him, although not mixed up with the crimes of Hill. Besides the false paper rendered at banks Hill was guilty of many peculations from individuals. He left many heavy debts behind him.

Saturday noon Davis started out on a fresh clue from Denver and worked through Salt Lake City and Ogden and Sacramento, finally arriving in Los Angeles with the sure knowledge that his man was in this city. Hill was located in the Sedgewick House at 1016 East Seventh street. When confronted by the officers Hill pulled a knife from his pocket and unclipped it, but he was disarmed by Deputy Sheriff Sepulveda.

Sheriff Davis is ordinarily a man with a full black beard and moustache, but he lost these in Los Angeles yesterday morning. The sheriff got rid of them in order to conceal his identity.

not positive. This man gave the name of William Jones, and denied positively either shooting, or even knowing anything about the shooting, at the time it happened. The little fellow, Leonard Webb, stood trembling in his shoes as he had at it at night, but he did not answer the description.

Erickson said that the tallest of the two looked like the man, but his assailant had on a pair of overalls, an overcoat, and a slouch hat. Jones was not clothed in that way. The indications appeared to point to the negro who has so far eluded capture, a man named Wilcox.

Erickson refused to make any ante-mortem statement. He said that he was going to get well. Maj. Donnell asked him if the doctor had not informed him that the bullet had passed through the liver and lodged somewhere in his back, and inquired if he thought he could live with that kind of a wound. The brakeman was too weak to argue the point, but insisted that he was going to get well. Not being in immediate fear of death, no statement was taken.

Upon Leonard Webb, the underdog negro, was found the pistol with which the shooting had been done and the way he accounted for its being in his possession was that he had been hanging on between the two cars with Wilcox and he said that when the brakeman attempted to pull his gun Wilcox fired the shot and jumped from the train; he followed suit, and the two on the rear end also jumped to the ground.

Running through the brush for a short distance, Wilcox stooped and was hiding the pistol, when they noticed some men coming toward them and he abandoned the pistol and raced in an opposite direction. Webb said that he picked up the weapon and showed it into his pocket for what purpose, or whether he had any ulterior reason, he would not say.

Now Erickson is watching in the Antelope Valley county, through the Tehachapi for Wilcox, and Deputy Sheriff Bert Franklin went to Mohave on last night's train to prevent the man passing up north.

SHOE BARGAINS GALORE

The Mammoth Buys Out a Big Shoe Stock

SALE COMMENCES TODAY

A Big Stock From Al. Rosenbush and Co. is Bought for About Half Price and Goes on Sale at the Mammoth Shoe House 619 South Broadway

Another opportunity presents itself for the people of this city to supply themselves with footwear at half the regular price. Nearly ten thousand pairs of shoes will go on sale. The lot represents shoes made by the best factories of high grade shoes. There are shoes of every conceivable style for men, women and children. They will be arranged in different lots and placed on bargain tables at about half the regular prices.

Everything will be in readiness for a big "Shoe Sale" today and tomorrow. Ladies' \$2.00 and \$3.50 shoes or oxfords in many styles can be had for \$1.50 to \$1.95 a pair. Men's \$3.00 and \$3.50 shoes in good styles and sizes on sale from \$1.50 to \$2.45 a pair. Boys', Misses' and Children's shoes can be had at big reduction in prices.

The Mammoth never does things by halves, so come prepared to get double your money's worth and you will not be disappointed. All shoes will be properly fitted, exchanged and money refunded. Extra sales people will be on hand, and everybody will get the benefit of our big purchase. Don't get in the wrong store. The Mammoth is at 619 South Broadway, between Fifth and Sixth streets.

Dr. Goose and the Clothier

WHEN you buy a suit of clothes, and pay a fair price for it, you take it as granted, and usually the dealer states explicitly, that the garment is of dependable material and tailored in the best possible manner.

But—when you find your confidence violated. Why? Because it is estimated that 50 per cent of all clothes are "faked" into shape by Dr. Goose, the Hot Flat-Iron; and naturally lose that shape by wear and dampness.

—And with the shape vanished—the style disappears also. Your protection against Flat-Iron trickery, is the knowledge of the Fact—and the moral courage to insist on having SINCERITY CLOTHES.

You may procure any desired style or fabric in SINCERITY CLOTHES; and—the assurance that every garment is tailored sincerely—that the materials are honest; and that high-class Designing and good Hand-Sewing have produced the style that first attracts you—and the permanence that makes SINCERITY CLOTHES a standard of excellence from Maine to California.

For, remember, this: there can be no permanent style in clothes without sincere workmanship at every stage of making. There is a Test by which you can detect Flat-Iron shaped clothes. If you want it, enclose a Scent stamp, and we will send it to you.

SINCERITY CLOTHES are sold in most cities and towns by reputable dealers. Look for the label of the SINCERITY CLOTHES MAKERS in your next Suit or Overcoat purchase. It reads as follows—

"SINCERITY CLOTHES"

MADE AND GUARANTEED BY KUN, NATHAN AND FISCHER CO. CHICAGO

RAMONA ACRES

Not 50 Foot Lots—But WHOLE ACRES

First Payment Only \$220 Balance on Simple Terms

Ramona acres is in the real "valley of hearts' desire"—the beautiful San Gabriel. The environment of these slightly acre homesites is unsurpassed.

Nearly every inch of property adjoining has been purchased by H. E. Huntington.

The grounds of Ramona College touch Ramona Acres.

The magnificent home of Gail Borden is just a short distance from the tract.

Every element that makes suburban life delightful, exists at Ramona Acres.

Remember that the new car service (in operation Sept. 1st) will bring Ramona Acres within 15 minutes of First and Main streets.

Where else can you secure real estate with such great intrinsic value at \$825 per ACRE.

The development of beautiful Alhambra (adjoining Ramona Acres) in the last year, gives every reason to believe that lots in Ramona Acres will be worth at least \$4,000 in 5 years.

This is not an extravagant statement—the development slated for this section warrants the increase in values.

This is What You Get at "\$825 per Acre"

High, healthful elevation.

No fogs, frost, dust or high winds.

Streets Graded and oiled, graveled sidewalks.

Water piped to every lot.

Gas, electricity, telephones—READY FOR INSTALLATION.

Finest mountain and valley outlook obtainable in Southern California.

15 minutes' ride to First and Main via Huntington line—to be completed Sept. 1st.

its burned—greater than that
ned by the Chicago. Ba

Halveston disasters combined. Dunsmoor says no one could have foreseen the awful conditions and damage caused by the great calamity. "The fault," he asserts, "that only about one-third of the town was caused by the earthquake, the rest being fire and explosion, is due to the fact that I think of ten square miles of great city absolutely wiped out, leaving only twenty square miles standing in this disaster." "The Van Ness avenue."

Dunsmoor adds that in his loss of life will reach 100,000. "I got on to the right side of the picture," the greatest response ever known to aid the distressed. Telegrams are received from one place or another in the thousands and hundreds and come from some little town, I have come the tidings of \$100,000. "Meaning the children's mite," and the lumps to those working for well as comfort for the poor. Oh, God bless them all, sentiment from hearts awagiving. Brotherhood of man is used in California," adds Mr. Dunsmoor.

GIGANTIC IS THIS PROJECT.

Yet Will They Work With a Lever of Love.

Will Bring Three Thousand Homeless Girls Here.

Mrs. Gibbs and Assistants Aid Many Women.

By To bring the three thousand forlorn and destitute women and girls, who are huddled in unhealthy camps in San Francisco, to this city and provide them with congenial employment, is the new departure which Mrs. Jefferson D. Gibbs, president of the Woman's Parliament of Southern California, who has been in charge of the employment and information bureau established in The Times building, has planned to take up this morning.

The homes of wealthy Los Angeles residents have been thrown open to the unfortunate women victims of San Francisco with such earnestness that yesterday, when Mrs. Gibbs and her corps of assistants ended their work, they had already placed over 400 women and girls in desirable employment and had places vacant for 200 more.

Facing this great demand, and at the same time hearing from friends in the northern city of the frightful condition of thousands of homeless women, it was decided to bring them here.

"San Francisco is a place for men, not for women," said Mrs. Gibbs yesterday. "There is work of a manual character there in plenty, but the women are helpless. The means of earning a livelihood have been cut off completely. Girls who were employed in offices find themselves without even a prospect of work. Hundreds who had homes have lost their all, and many are without protectors. There have been hundreds of able-bodied men come to this city from San Francisco. We don't want them, and will not give them employment. They must return where there is work for all of them and where they are needed."

HOMES ARE OPEN.

"With the women it is different. Mothers who have lost their children and wives who have lost their husbands are in these outdoor camps where, at the best, they are in hard circumstances. The people of Los Angeles have responded to the plea for assistance sent out by Mrs. Gibbs in a wonderful manner. We are deluged with offers of employment from all sides. Congenial work for all women and girls is offered."

This morning Mrs. Gibbs will communicate by wire with Mrs. Mary Alice Keatinge and Mary F. Osten, the noted authorities, who are doing all in their power to aid the women in San Francisco camps.

These ladies will be asked to send a body of 100 at first to this city. The promise of work is held out to them. An effort is being made to secure transportation for the women to this city. It is understood that the Southern Pacific will grant passes to the women and girls who bear a note from either Mrs. Keatinge or Miss Osten and who are bound for the employment bureau in The Times building.

At the close of "business" last night, tired, but happy, Mrs. Gibbs issued the following bulletin of positions open for women and girls:

General House work, 175.
First-class cooks, 6.
Second girls, 2.
Nurses girls, 6.
Seamstresses, 32.
Tailresses, 4.
Laundresses, 4.
Sewers in overall factory, 25.
Girls for canning company, 24.
Photo printer and finisher, 1.
Candy factory girls, 12.
Companions, 2.
Nurses for training, 2.
Nurses for hospital, 2.
Nurses for Red Cross hospital, 1.
There are many other places open, but they have not been classified as yet, owing to the rush of work at the bureau.

PRACTICAL POSSIBILITIES.

While the new work has not been entirely outlined its possibilities have been recognized by the ladies, and they have entered into it with enthusiasm. An effort will be made to secure Church, on Figueroa street, for the headquarters for the first party of 100 which is expected to arrive by Monday morning.

Care will be taken in securing the needy ones. This work will be in charge of the bureau, which has already mentioned, who have refused to leave the stricken city, and have remained to care for the women and children.

There is sufficient food and equipment that has already been collected to care for these women in this city. Camp Angeles has a large stock of provisions and bedding. The majority of the incoming women will be of short duration, according to the eagerness with which help has been sought in this city.

DON'T WANT MEN.

There are but a few men cared for new in the relief camps of Los Angeles, and these will be put to work or preferably given transportation to San Francisco, where there is already a crying need for men.

The growth of the bureau under Mrs. Gibbs has been so great that yesterday the work was divided into departments with a head for each. Mrs. J. F. Kanst is chairman of the registration of applicants department; Mrs. R. J. Waters of the homes for the homeless department; Miss M. M. Fette of the listing of employers, E. T. East of White-later has charge of the male applicants, and Mrs. Adelbert S. Abbott of the outfitting department.

Yesterday over sixty men applied for work, and were cared for. Mr. East prevailed upon several to return to San Francisco, and those who had no valid reason for not wanting to go back were given short shrift.

The work of the bureau has not been limited alone to securing positions of definite character, but several music teachers and two school teachers from San Francisco have been assisted. The music teachers asked for recommendations, and that was all, and one of the Los Angeles school teachers yesterday filled the place of a substitute.

WHAT IS NEEDED.

Many families of the city have offered their houses to homeless women and girls, and will care for them until work is secured.

The ladies of the bureau have made a strong plea for good, clean, "new" undergarments for women, some of the clothing sent has been unfit to wear. The women and girls have, in most instances, been deprived of all of their clothing, except the most scanty sup-

ply. They have been unable to change this condition for the last ten or twelve days, and many, upon their arrival in Los Angeles, wept for shame when they told of the condition of their clothing.

A large number of the refugees plan going farther east, and Miss Fette of the listing employers' department has checked up on hand satchels, old trunks and bags which the women and girls can use.

STARTS BUT COMES NOT.

Miss Enith Nelson, Possibly Out of Her Mind from Fright; Cannot Be Located.

Seventeen-year-old Miss Enith Nelson has disappeared. Her mother, Mrs. Christine Nelson, is almost prostrated because of her non-appearance.

On Saturday, April 21, a few days after the quake in San Francisco, Miss Nelson, who had been living with her father there, started for Los Angeles. Since not a word has been heard of her, and no trace can be found.

Her sister, Miss Ida B. Nelson, who lives in Pasadena with her mother, says the young girl is nervous and hysterical, and that if any accident happened she was apt to go into hysterics. "She may have gone out of her mind, as a result of the fright, and be wandering alone," said the sister. "I don't think she would have gone with any one whom she did not know, and she was old enough to know better."

Miss Enith was employed as a telephone girl in San Francisco. She had been living with her father, C. Nelson, at No. 180 Sacramento street, up to the time of the earthquake and fire. After their home had been burned they lived in a tent at No. 142 Lombard street, and her relatives in the north say she was highly excited and frightened over the fire, which was steadily burning the city at that time. She is a blonde, about 5 feet 4 inches in height, plump for a girl of her age.

When she learned that she could get free transportation here to her mother at No. 221 Grove street, Pasadena, she immediately left her father's home, and by the north left her start alone for the train, and supposed she had come.

BOY WAS PADDLED.

Father Removes Son from Orphanage, Declares He Will Have Investigation—Charge Is Denied.

P. McLaughlin of No. 119 West Ninth street yesterday removed his seven-year-old son, Willie, from the Los Angeles Orphans' Home, for alleged cruelty.

McLaughlin claims his son was whipped a few days ago until in places his body is badly marked. Yesterday he threatened to sue the orphanage against Miss Williamson, the nurse in charge of the younger boys and the lady who is said to have punished the lad.

At the orphanage last night Miss Williamson acknowledged that she had beaten the boy, but that it was not because he had been slightly marked. She said she had been compelled to do so, owing to the continuance of an annoying nuisance. The boy was paddled with a stick, Miss Reed, the superintendent, said she had not heard of the lad being whipped, and that it was not the rule of the institution for nurses to punish the boys. She added that she always attends to that herself.

McLaughlin says he will apply before the proper authorities today to have the matter investigated. He charges that other boys besides his own have been harshly punished.

COMES TO LOS ANGELES.

San Francisco Firm Purchases Controlling Interest in Stoll & Thayer Co. and Begins Business Here.

The firm of Cunningham, Curtis & Welch, until the San Francisco fire one of the largest stationery concerns in the northern metropolis, has decided to make Los Angeles its headquarters, and to transact its extensive business in Nevada, Arizona, New Mexico and Mexico from this city. A deal was completed yesterday by which this firm secured the controlling interest in the Stoll & Thayer Co. of this city, and the business of the two companies will be combined. The company will still have a branch in San Francisco.

Simon Stoll, president and founder of the firm, retired from active business after a career of thirty-three years. Mr. Stoll established the business as a newstand in 1873, and as a result of his enterprise and ability it grew into the large business which it is today. The destruction by fire of the store of Cunningham, Curtis & Welch in San Francisco interfered only with that concerns business, and did not diminish its extensive shipping trade.

W. H. MOORE MISSING.

Left Monday With Five Hundred Dollars and Bag of Tools—Not Heard From Since.

The disappearance of W. H. Moore, No. 236 London street, is causing him family considerable anxiety, as it is feared that he has met with foul play. He has not been seen or heard of since Monday, and his absence is a mystery. When he left home Monday, Moore had about \$500 in currency, and carried a leather grip containing some tools. Yesterday the police were asked to aid in the search for the missing man. It is thought he might have gone to San Francisco, but his wife declares he had no intention of making such a trip.

IT'S DOLLARS IN HIS PURSE.

Special Railroad Rates for Summer Tourist.

Chance for All to Try Our Brands of Climate.

Special Trains Heading for This Coast Now.

With the announcement by the Southern Pacific of special low round trip summer rates from eastern points to the Pacific Coast, California seems in a happy way to be coming into its own, as an all the year round resort.

For the first time in the history of the development of this region the railroads of the United States represented in the Trans-Pacific Passenger Association have agreed to a low summer rate for west-bound travel.

Always in the past California has been advertised as a winter resort, and rates have been made during that season only to induce the tourist and the home seeker to visit this favored region.

But now, through a combined process of inoculation, education and advertising the beauties and attractions of the Coast country in summer time have become better known, and it is now a matter of fact that the local lines in demanding special summer rates.

Thousands of dollars are to be expended in informing the people throughout the United States, living in the tourist regions of the coast, of this State as a summer resort par excellence. All of the railroads interested, and especially the Southern Pacific and the Santa Fe, have committed themselves to a campaign of publicity which their traffic officials are sure will result in bringing thousands of travelers to California to escape in its cool mountain resorts and along its ocean-laved beaches the rigors of an eastern summer.

LONG RETURN LIMIT.

From June 1 to September 15 low rate tickets will go on sale in eastern offices, with extreme return limit October 31. Not only is this a low rate, but the long return limit from June to November is designed to make it especially attractive to those who desire to spend the entire summer in California.

From the principal eastern cities the rates to Coast points will be as follows: St. Louis, \$12.00; Omaha, \$10.00; Chicago, \$7.50; St. Paul and Minneapolis, \$11.50; Memphis, \$7.00; New Orleans, \$6.00; Texas points, \$5.00; Denver and Colorado Springs, \$5.00. Corresponding low rates are made from other eastern cities, with liberal stopovers allowed from all points.

"These rates are right in line with the broad policy of the trans-continent line in doing this western territory to the greatest possible extent," said Thomas A. Graham, assistant general freight and passenger agent of the Southern Pacific, yesterday.

"We expect to attract to Southern California this summer a great part of that business which goes abroad every summer to European resorts. We are going to let the people of the Eastern States know that attractive features for a period of rest and recreation are to be found out here."

ALWAYS ATTRACTIVE.

"We shall bring to their attention the exceptional values in climate to be found on the Coast, the cool breezes, the absence of enervating heat, the unlimited range of altitudes, and the boundless attractions of mountains and beaches."

"I expect to see an exceptionally good summer business developed through these rates. It will be a good thing for the winter business also, and will tend to bring California in to the category where it belongs, not of a winter resort only, but of a region of perennial delight which has the power to attract and satisfy a visitor during every one of the 365 days of the year."

In addition to the rates already announced by the local over for reduced round trip rates from Coast to eastern points, to be sold on July 2 and 3, August 7, 8 and 9, and September 8, 9, the Southern Pacific announces the following additional dates of sale: June 6 and 7.

These low rates apply as follows: Chicago and St. Louis, \$12.50; St. Paul, \$10.50; New Orleans, \$6.50; Omaha and other Missouri river points, \$6.00. Tickets sold under these rates will allow of round trips through New Orleans, El Paso, or Ogden. A slightly higher rate will apply by way of Portland. The return limit is fixed at 90 days from date of sale.

A BIG CONTRACT.

Yesterday the contract was let for the construction of the new \$200,000 Santa Fe freight house, which will be one of the largest concrete structures of the kind in the world.

Carl Leonard, the well-known architect and builder, secured the contract, and will begin work on Monday. The construction will be under the immediate supervision of T. F. Osborn, an engineer who has a specialty of reinforced concrete construction.

The concrete work alone on this building calls for an expenditure of \$120,000. The building will be unique among freight houses in its details of construction. It is to be 1200 feet in length, and will be entirely open. Concrete will be used for the entire width of 60 feet with no intervening columns. Even the roof is to be of long lines of skylight, broken only by long lines of skylight.

SHRINERS AND OTHERS.

In addition to the two special shriner trains due to arrive over the Santa Fe Saturday and Monday, several special carloads of tourists to Los Angeles who have taken advantage of the rate will arrive over the Santa Fe, Salt Lake and Southern Pacific next week.

The Hercules, the steamship which is inaugurating the Oriental service between the port of San Pedro and the Far East in conjunction with the Salt Lake road, is due to arrive, but has not yet been reported.

The Merchants' Independent Steamship Company has added a new boat to its fleet plying between San Pedro and Portland, in the P. A. Kiburn, a practically new boat of 2000 tons displacement. The Kiburn will make its initial trip from San Pedro Saturday.

ONE LITTLE GIRL'S BIG RELIEF WORK.

THE most self-possessioned little business woman in the world is eleven-year-old Miss Stella Gonzalez, who yesterday brought to The Times a check for \$291 for the northern sufferers, every cent made by the wee maid herself. It was a remarkable achievement.

Little Miss Stella's bright blue eyes look a bit tired, and her head has a

was fine. They all were glad to help. I went and got \$30 worth of 'ads' for my programme myself, and then I sold tickets, too. I staid out of school for a number of days, and walked until I had great big blisters on my feet. My teacher didn't care a bit, though, because she said it was in such a good cause."

Everybody liked the entertainment, and pretty little girl sold programme

HIGHEST MARK
IN BENEFITS.Huge Theater Testimonial a
Great Success.Two Thousand Dollars for
Worthy Relief.Every Playhouse Represented
in Long Bill.The biggest benefit in the series of
relief performances, as far as Los An-
geles is concerned, was given yester-
day afternoon at the Mason Opera-
house.All the theaters of the city were rep-
resented, the public cooperated to the
extent of filling every seat in the play-
houses, and the proceeds for the worthy
charity will probably amount to a lit-
tle more than \$2000.The money will be put to immediate
and practical use. It will be employed
in the relief of theatrical people who
in the relief of theatrical people who
are suffering from the San Francisco
calamity. The managers now consti-
tute a committee of the whole to ad-
minister these funds, and a subcom-
mittee appointed to investigate the
cases of all applicants, and inquire
into their worthiness. It is the inten-
tion of the managers to remove all the
burden possible from the city Relief
Committee as far as players are con-
cerned. Hundreds of actors and ac-
tresses were impoverished in the north-
ern disaster.There are cases ready at hand for
this committee's practice.Yesterday a young woman from one
of the San Francisco theaters, sick and
perishing, was turned out of a leading
hotel here, and all of her baggage and
personal effects were retained by her
landlord. She was rescued by the man-
agers, as she was entitled to her money.
Her only brother was killed in the hol-
ocaust, and she, sick from horror, fati-
gue and exposure, spent her last hours
in a hospital in getting established in
Los Angeles, where she has awaited,
day by day, the assistance of relatives
elsewhere. Her money has been de-
stroyed, and yesterday came the humili-
ating sequel.The benefit was a huge affair, begin-
ning a few minutes after noon and last-
ing until 5 o'clock. The programme
was shortened by the omission of a
whole act from the Grand Opera-house,
but at that the monster vaudeville bill
was five hours long.Valiant indeed was the work of the
four cohorts under the direction of La-
lan Burkhart. This regiment of some-
times held up every corner and com-
pelled the purchase of a programme,
and generally persuaded the taking of a
bottle of beer.When Mrs. Goldschmidt came to
attend her proceeds, at the finish,
she found her net proceeds to be \$2000.She was assisted by Mrs. Fred Maier,
Mrs. A. R. McCutcheon, Mrs. O. H.
Bartholme, Miss Mary Chapman, Miss
Adelle Louis, Miss Lottie Seligmann,
Miss Lella Jacoby, Miss Tessa Brown-
stein and Miss Rose Germain.As a whole, this may be said to have
been the most successful benefit, save
one, in the history of Los Angeles the-
atricals. The excellent results at-
tained were due to the efficient and
unselfish cooperation of all the man-
agers, the willing response of the ac-
tors, and the masterful stage direction
of George W. Barnum. That the ex-
pense account will be almost nothing
is owing to the contribution of all serv-
ices connected from T. Newman's con-
cession of the programme to the gratis
work of ushers, door-keepers, stage
hands and musicians.The only hitch occurring was in the
placement of the Ulrich Stock Com-
pany, from the Grand Opera-house.
According to the programme, which
was carried out as printed, the Ul-
richs came at the bottom of the bill-
plate eighteen. They were notified
that they came third, and conse-
quently appeared in makeup and con-
founding, about 12:30 o'clock. As a
four-hour wait in grease-paint was a
dreadful contemplation, they dismissed
themselves and their act was stricken
from the programme.The only thing lacking in the demon-
stration was the direct touch of
personal enthusiasm. The Oberle
benefit this emotion was manifested
at its highest degree. The Oberle
enthusiasm was every place, and men
and women crowded each other in ut-
ter disregard of rank or degree. All
classes were alike anxious to con-
tribute something to alleviate one
whom they knew.The San Francisco benefit is not
such a personal affair, and therefore
it was a more nonchalant audience
which watched the amazing variety
of acts succeed each other at the
Mason yesterday.This was probably the best managed
benefit in the history of local theatri-
cals. The amateur and the profes-
sional do not mix well upon the same
bill, as experience has definitely pro-
ved. And what's more, the amateur
doesn't always know how to make
himself interesting.The first rule laid down by the man-
agers here was for the concert of a
strictly professional affair. The child
prodigy, the amateur who can do
wonderful stunts, the man with the
long speech—all these were barred out,
and the entertainment proceeded di-
rectly along regular playhouse lines.It was a sort of huge sample-case of
all the shows running in town at the
present time. All the actors respond-
ed promptly and cheerfully, scenery
was brought intact, though with great
trouble, from the various houses, the
costuming was good, and there were
few stage waits.The programme was inaugurated by
Mauro Chiffarelli and his Italian
band, in a brief series of brilliant se-
lections. Following came George
Stewart, Empire Theater; Bacon and
Van, Hecia Theater; the Beverly
Theater; Act II of "The
Chimes of Normandy," Hotchkiss The-
ater; Jack Diamond, Fischer's The-
ater; Act II, "The Dictator," Belasco
Theater; Bonnie May and chorus, Fis-
cher's Theater; Act I, "The Message
from Mars," Mason Opera-house; over-
ture by combined theater orchestra, di-
rection of A. F. Frankenstein; Act
I, "Barbara Frietchie," Burbank The-
ater; Jimmy Wall, Orpheum; Arm-
strong & Holly, Orpheum; Arthur
Orpheum; Kate Gibson, Orpheum;
Unique Theater; O'Brien & West,
Fischer's Theater.Miss Eleanor Haber, from the Al-
caser in San Francisco, appeared in
a monologue.The programme was well-played.
The numbers were three: Schumann's
quintette, No. 1, Op. 41; Dvorak's Ter-
zetto, Op. 74; Schumann's quintette in E
minor.The Kraus quartette represents, in
all probability, the best chamber music
that could be given at the present time
in Los Angeles. Other quartettes
could be formed by excellent players,
but the ensemble could show the lack
of much playing together, the real
blend of tone which is becoming an as-
set of these four men.Arnold Kraus, as first violin, is pos-
sessed of preeminent leading qualities.
His masterful, yet at all times tender
tone, a thing whose beauty is subtle
always, adjusts itself wonderfully to
the remaining parts in the quartette.
He is well seconded by Julius Bierlich,
leader of the Burbank orchestra, as
second violin; by F. R. Wiener, viola,
and Ludwig Opid, doubtless leader of
the local cellists.The audience, though not large, was
comfortably distributed throughout the
auditorium.Ricardo Ruiz, Spanish violinist who
is a virtual refugee from San Fran-
cisco, gave a concert last night at Harry
Barnhart's studio-hall on South Grand
avenue. He was assisted by Mr. Bar-
nhart.The audience, though not large, was

Coulter Dry Goods Company

Splendid 11-4 white wool blankets, worth \$7.00, for \$5.75; worth \$6.00. for
\$4.85 a pair, if you buy them while the present supply lasts.Requisites
For Summer HomesAway to the beach, off yachting, or to the mountain camp—al-
ready your thoughts and plans are vacation-ward, and we want
to help you to make the summer flitting as comfortable as it's
possible to have it. To this end we mention today a few of the
things which will add convenience and lighten work. That they're
selling at smaller prices than you'd expect anywhere but here,
doesn't lessen their attractiveness, either.For you who expect to be where space is at a premium we suggest these portable cots; though
they'll support a weight of 500 pounds, you can fold them up and carry them easily in a shawl strap.
Two-fifty. For verandas, the new adjustable "Sunshine" hammock we've just received, is splendid;
inexpensive, too; only 95c. Folding chairs, 65c; extension steamer chairs, \$1.25; single style, 95c;
Cres porch mats of every size, 90c to \$9.00. Steel, woven wire or cocoa fibre porch mats at every
price. While carpet sweepers may not be strictly vacation necessities, they'll fill a large place in
making work lighter. We carry only one grade—Bissell's best—and every housewife knows their ex-
cellence. Various sizes and prices, from \$2.50 to \$7.50. Notwithstanding the scarcity of China
matings at present, we can supply any quantity, from \$4.60 a bolt upward.
(Draperies, third floor.)

Gold Belts \$1.50

We want to dispose of an incomplete line
of finished gold belts, in fine and diamond
mesh weaves, having handsome gilt buckles
to match. There are several styles, afford-
ing you ample choice, and you may select at
\$1.50 from belts formerly marked \$2 to \$3.

Rugs, 25c a Box

If you bought these rugs by the yard
in separate pieces, they'd cost you, at
the least, \$1.50. By purchasing the six
different, soft dainty styles, by the box,
you get the whole for twenty-five cents,
and ample lengths, too.

New Check Silks

Just the silks most in demand for dozens of purposes, as our sales attest. Today we
will tell you of the very newest arrivals.Shadow checks in punjab weaves, 19 and 20 inches wide, shown in old-rose-and-white
and blue-and-white, at \$1 a yard, a better grade, in more combinations, \$1.25.Oxford checks in punjab weaves are given their introductory Los Angeles showing
here. Splendid wearing silks, these promise great popularity, because they are decidedly
away from the ordinary checks. Notice the range offered you—turquoise and white-
old rose and white, gray and white, cadet blue and white and navy and white. 20 inches
wide, \$1.00 a yard.Pompadour shadow checks, blue and white, green and white and black and white,
with rosebud effects, 20 inches wide, \$1.25.

White and black wrist and costume novelty plaids, 20 inches wide, \$1.00.

MRS. PURO THREATENS LIFE OF MRS. PEARSON, NEIGHBOR.

Back-yard Squabble Nearly Disastrous to One Family, But Mr. Georger, the "Johnny-on-the-Spot" Appears at the "Psychological Moment" and Battle Ends.

"I will kill you!" screamed Mrs. Puro as she held an ax threateningly over the head of Mrs. Amanda Pearson, Wednesday evening. She attempted to strike Mrs. Pearson, but Mr. Georger seized the woman with the ax and took the implement from her.

John M. Pearson, and his wife, Mrs. Amanda Pearson, occupy one side of a double house at No. 540 San Pedro street. Mr. and Mrs. Puro, who are French people, occupy the other side of the house. For some time there has been trouble brewing between the two families. Conditions became gradually worse until a regular pitched battle took place Wednesday evening in which the French were the victors.

The two women were in the back yard of the place and Mrs. Puro, it is charged, stepped a few inches across the imaginary line which divided the lot into two equal parts. Mrs. Pearson told her to stay in her own yard and not step on the Pearson side of the line. Becoming infuriated, Mrs. Puro grabbed an ax and rushed at Mrs. Pearson. At this moment Puro appeared on the scene and backed up his wife in the general attack on Mrs. Pearson. She screamed for help and retreated just fast enough to keep out of the way of the murderous looking ax which, she declares, Mrs. Puro swung at her time and again.

Mrs. Pearson's screams soon brought her husband to the scene and then the Puros and Pearsons faced each other in battle array but Mrs. Puro drove the enemy back at every charge. Gradually the Pearsons retreated around the house, skirmishing all the time and the neighbors say the rattle of tongues could be heard some distance.

Both women were screaming in their excitement and the entire neighborhood was aroused. The Pearsons' retreat was masterful and finally they began to ascend their front steps, walking backwards. Just as they reached the top step the Puros charged. Mr. Puro landed Pearsons a clout on the point of the chin and he went down. At the same instant, according to the story told at the office of the City Prosecuting Attorney yesterday, Mrs. Puro cornered Mrs. Pearson and pinned the ax over her head, hissing "I will kill you! I will kill you!" Mrs. Georger made his debut and the battle stopped.

Both the Pearsons and the Puros appeared at the Central Police Station yesterday and told their stories to the prosecutor. Each sought a complaint against the other, charging anything that seemed right in the attorney's office. It was impossible to determine who was in the case, and the matter was referred to the police and will be thoroughly investigated today.

COLLINS'S SLUR AT PASADENANS.

HE OF "MY EDIT" FAME WRITES SILLY LETTER.

Unreal for Insultation That People Are "Heartless" in Wishing to Celebrate After San Francisco Disaster — Prominent Shriner's Opinion of Slur.

PASADENA, May 3.—Secretary Collins of the Board of Trade has just received a letter from Imperial Potentate Collins in regard to the abandonment of the Shriner convention which was to have been held in Los Angeles. In his letter Mr. Collins states that the Shriners "could not be so callous and unfeeling as to hold a jubilation at a time when San Francisco is mourning for her recent losses."

There is a feeling among many prominent Pasadena citizens that the remarks were needless for, to that their intention was to have a celebration at this time. But as the citizens of this city were among the first to respond to the call for help and as business was suspended and all private affairs forgotten until the wants of the suffering

There is a feeling among many prominent Pasadena citizens that the remarks were needless for, to that their intention was to have a celebration at this time. But as the citizens of this city were among the first to respond to the call for help and as business was suspended and all private affairs forgotten until the wants of the suffering

ST. VITUS' DANCE

A Child of Ten Years Cured by Dr. Williams' Pink Pills.

Children are doubtless punished many times at school for not keeping still or for dropping things when the trouble is really chronic, or St. Vitus' dance, as it is popularly called.

Often the patient loses flesh and becomes pale and bloodless. A remedy that cures St. Vitus' dance, and cures it so thoroughly that no trace of the disease remains, is Dr. Williams' Pink Pills. A recent cure is that of Georgia, the ten-year-old daughter of Mrs. D. M. Ream, of Coudersport, Pa. Mrs. Ream says:

"When Georgia started to school last year she had stomach trouble and afterward her mouth began to twitch. She would shake all over and could not be still. After a few months her mind became affected. She was under the care of two doctors for almost four months. When she had been sick for about seven months we heard of a case like Georgia's that had been cured by Dr. Williams' Pink Pills. It was in the latter part of February that she commenced to take the pills and they made the greatest change in her. They not only cured every trace of the St. Vitus' dance but helped her in every way. She never was very stout until after she took the pills, but now she has gained in weight. She goes to school every day and is well and happy."

Dr. Williams' Pink Pills build up the blood to carry health and strength to every part of the body. They have cured severe cases of bloodlessness, indigestion, influenza, headaches, lumbago, sciatica, neuralgia, nervousness, spinal weakness and the special ailments of girls and women whose blood supply becomes weak, scanty or irregular. They are sold by all druggists or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

LAVENTHAL BROS.

Wholesale Liquor Dealers

Formerly at 300-311 Sacramento St., 907-909 Oakland Cal. Customers receiving and coin or currency

thousands had been attended to, our people do not feel that it is fair to accuse them of being "callous and heartless."

But it comes from Imperial Potentate Collins.

BUDDING IN PROGRESS.

Orchardists Near Lardburg Weeding Out Undesirable Fruit by the Process.

(SPECIAL CORRESPONDENCE OF THE TIMES.) LARDBURG, May 3.—More budding is being done this season than in any previous year. Most orchardists have by this time determined what varieties are profitable, and as a result many undesirable varieties are being removed.

On the large orchard of H. C. Williams at Lardburg, all the tangier, St. Michael, bloods and Mediterranean Sweeties are being budded to Valencia, while the Lisbon lemons are being budded to Eureka.

Tyler Brothers have orders for half a million Valencia buds. They are now at work with a large force of expert budders in the orchard of Dr. M. R. Campbell at Lardburg, where all the remaining lemons and grapefruit trees are being budded to Valencia.

This orchard has had considerable budding. Some years ago one lemon orchard was budded to Mediterranean Sweeties, later these were cut off and the lemons allowed to grow again; then they were budded to grapefruit and when these provide unprofitable they were eventually budded to Washington Navel.

The brain is 80 per cent. water; the muscles 75 per cent. and the blood 80 per cent.

How overwhelmingly important then that you drink an abundance of PURE water.

PURITAS Distilled Water is the only PURE WATER OBTAINABLE.

Insurance That Insures

Geo. H. Tyson, General Agent, formerly located at No. 214 Sansome Street, San Francisco, California, and now located with temporary offices at No. 1060 Broadway, Oakland, California announces that all claims due from any of the Companies represented by him are amply protected, and that the Companies are carrying reserves that exceed any possible San Francisco claims by several million dollars as follows:

German American of New York

Approximate San Francisco Losses, \$4,000,000.

Net Surplus to policy holders, Over \$6,000,000.

German Alliance Ins. Association

Approximate San Francisco Losses, \$4,000,000.

Net Surplus to policy holders, Over \$7,071,806.32.

Phoenix of Hartford Ins. Co.

Approximate San Francisco Losses, \$2,000,000.

Net Surplus to policy holders, \$2,200,000.

Protector Underwriters Ins. Co.

Approximate San Francisco Losses, \$750,000.

Net Surplus to policy holders, \$1,199,685.00.

New Hampshire Fire Ins. Co.

Approximate San Francisco Losses, \$400,000.

Net Surplus to policy holders, \$600,000.

German Alliance Ins. Company

Approximate San Francisco Losses, \$400,000.

Net Surplus to policy holders, \$600,000.

The above surplus is in excess of paid up capital stock and all reserve carried for outstanding liability. The capital stock of the above companies aggregate \$4,500,000.00 in addition to the above reserves. This will be good news for San Francisco policy holders and policy holders of the above companies wherever located. All coast papers kindly copy this item.

Agents have been instructed to continue writing insurance as usual.

EVENTS IN LOCAL SOCIETY.

SOCIETY has gone in for skating and a vengeance, and the rink is kept crowded. This evening the Young Men's Club will give the first large skating party here. The club has chartered a rink from 10:30 to late in the evening, and a large number of the young crowd, who are expert skaters, have been invited. The party is in charge of Bernard Dreyer, Roy Ward, Clark Briggs and Adolph Schwarz, and among others, who will participate in the evening's joys are: Mr. and Mrs. Nathaniel Myrick, Mr. and Mrs. John

and greenery were used in the decorative scheme for parlors and dining-room, and score cards were ornamented with sketches of flowers. A Mexican drawn work cloth was awarded as prize to Mrs. A. M. Jones and Mrs. C. A. Rockwell received the second, a fan. The men's prizes were a brass vase and a stool, awarded to Dr. C. H. Nance and John F. Giles. Those who enjoyed the evening were: Mr. and Mrs. C. A. Rockwell, Mr. and Mrs. W. F. Martin, Mr. and Mrs. C. F. Fife, Mr. and Mrs. C. S. Klous, Mr. and Mrs. A. M. Jones, Dr. and Mrs. C. H. Nance, Mr. and Mrs. Vining and Misses

MISS MARGUERITE BUCKLER. Who leaves next week for London, where she goes to study under Henry Russell.

G. Mott, Mr. and Mrs. Rob Allen, Mr. and Mrs. Chester Montgomery, Mr. and Mrs. Warren Carhart, Mr. and Mrs. Walter Leeds, Mr. and Mrs. John Possey, Mr. and Mrs. William Bayly, Jr., Dr. and Mrs. George Lidenbach, Mr. and Mrs. Henry C. Lee, Mr. and Mrs. Roy Hillman, Mr. and Mrs. John Peckham, Mr. and Mrs. J. McCreary, Mr. and Mrs. Roy Plinkham, Dr. and Mrs. Albert Moore, Mr. and Mrs. Fred Maier, Mr. and Mrs. Harold Bruyl, Mr. and Mrs. Arthur Bruyl, Mr. and Mrs. Willard Dorn, Mr. and Mrs. Albert L. Cheney, Mr. and Mrs. Will Jones, Mr. and Mrs. Allen Hancock, Mr. and Mrs. Frank Gillen, Mr. and Mrs. Hugh Stewart, Mr. and Mrs. Howard Schreier, and Miss Helen Nevill. Seward, Anna Van Nuy, Pearl Seely, Louis Burke, Adelaide Brown, Eva Keating, Belle Wilby, Florence Hunt, Louis Allen, Cecil Badolier, Ethelwyn Doolin, Mabel Bowler, Ray Johnson, Edith Campbell, Jane Campbell, Mildred Christian, Cynthia Perry, Lisa Johnson, Mabel Anderson, Huston Bishop, Florence Avery, Frances Coulter, Iona Moore, Carrie Bueckert, Lucile Walton, Adele Brodbeck, Nancy Marsh, Beulah Pollard, Florence Pollard, Josephine Lewis, Daisy Ryce, Alice Harbman, Emma Kane, Lucy Canon, and other girls. Spillmeyer, Walter Clark, Raymond Anderson, Earl Cowan, Matthews, Morris Cadwallader, Theodore Cadwallader, Jack Kasey, Bert Travers, Ralph Day, Roy Ryan, Gus Knecht, Walter Van Pelt, Robert Dempster, Ed Young, Jerry Brown, Jack McFarland, Frank Woodbury, Hamilton and Ed Pay, Perrie Davidson, son, Will Kuehn, Ben Harwood, E. Cook, Ed Maier, Fred Phelps, Earl Anthony, Harry Anderson, Earl Cowan, George Reed, Frank Stephens, Dick Dillon, Henry Dailley, Charlie Seyler, Windsor Blackstone, Russell Taylor, Earl Klokke, Louis Walbridge, Yrle Mott, J. Chandler, Fred Sumption, Howe Sanderson, Hugh McFarland, Bob Newstadt, Walter Hamilton, Martin Marsh, Walter Comstock, Volney Howard, Woolfitt, Ben Whitlock, Frank Belcher and James Baldwin.

Sanborn, Hortense Jones, Henrietta Gilsman and Messrs. S. B. Reynard and J. T. Cleary.

Shore to Europe.

Dr. J. De Barth Shorb and Mrs. Shorb left on Tuesday for an extended European trip. Dr. Shorb will visit and will work in the clinics of the various European centers, and expects to return in about six months.

Mrs. Banning's Guest.

Mrs. Joseph Banning of No. 45 Westlake avenue has as her guest for a few weeks her sister, Mrs. Frederick Ayer of Boston. Mrs. Ayer is a charming woman, and a number of pleasant functions are being planned in her honor.

Church Reception.

At the home of Dr. and Mrs. A. W. Adkinson at No. 2115 West Twentieth street, members of the West Adams Street Church gave a reception last evening for strangers and new members. The rooms were decorated with profusion of roses and ferns, each room having an especial color scheme. Denubla's orchestra furnished music throughout the evening. Receiving with the host and hostess were: Mr. and Mrs. P. H. Bodkin, Mr. and Mrs. E. H. Harrison, Mr. and Mrs. C. L. D. Moore, Mrs. Weston, and Rev. L. L. Trimble. Mrs. E. O. Fuller presided at the punch bowl.

Informal At Home.

Mrs. E. G. Robinson and Mrs. J. R. Westbrook will be at home informally to their friends today at the home of Mrs. Robinson, No. 313 South Union avenue. Next Friday the ladies will again receive their friends.

Gunther's Go Abroad.

Mr. and Mrs. T. W. Gunther of No. 63 South Burlington avenue left for Europe. They will be in London, New York and will sail this week for Europe. They expect to remain abroad until November.

Minners Leave.

Mr. and Mrs. Marshall Hinnman, father and mother of Mrs. William May Garland, who have been months, will leave for their home on Saturday in their private car "Mag-net." Dr. Waddell will accompany them.

Mrs. Beale Here.

Mrs. James Beale, a well-known journalist of New York, has been spending the winter in Southern California. She is at present a guest of Hotel Alexandria. Mrs. Beale has been entertained widely by her friends in Pasadena and Los Angeles during her stay here.

Brings Bride.

T. MacKinnon Sanders, manager of the Loxley California Development Company, is at the Hotel Van Nuys, accompanied by his charming wife, who was formerly Mrs. Edith M. Sturges of San Diego. They are here on their honeymoon and expect to remain several weeks.

Miss Duval to Leave.

Miss Fanny Duval of Marmion Way, the talented artist, who has made Los Angeles her home, will leave next week for Redlands to visit friends, and from there will go to New York to study. She will be accompanied by her mother, Mrs. Duval, and by Miss Blagge.

Bartlett-Meyer Nuptials.

Miss Lucy Bartlett and Frederick Meyer were married on Wednesday the wedding taking place at the home of the bride's parents. After a wedding reception the bride and groom left for their new home in Buffalo, N. Y.

Word from Mrs. Dorsey.

Word has been received from ex-senator and Mrs. Stephen M. Dorsey that they have safely arrived in England, and are at present enjoying London society. They will visit many of the pretty country resorts during their absence.

Miss Petzoldt Weds.

A pretty home wedding took place at Ranning on Tuesday evening at the home of C. F. Joel, his second son, Mr. Burton C. Joel, and Miss Agnes Petzoldt being united in marriage by Rev.

Conflagration-Proof

Royal Insurance Company of Liverpool
Queen Insurance Company of New York

These Companies had at risk, jointly, in the burned district of San Francisco, approximately \$7,000,000, but have assets of \$70,000,000 and net surplus of \$11,500,000 available for the payment of losses.

IMPORTANT

Many companies able to pay their losses in San Francisco would be unable to stand another such conflagration, but the "ROYAL" and "QUEEN" are good for all conflagrations as they come and will meet and pay all legitimate losses fully and promptly. These Companies are absolutely fire proof.

NEW BUILDING

The "ROYAL" will erect for itself and the "QUEEN" a first-class office building on its eligible lot at the northwest corner of Pine and Sansome Streets, San Francisco.

TEMPORARY OFFICES

Temporary San Francisco office, northwest corner of Pine and Fillmore Streets.

Branch office for the transaction of Coast business outside of San Francisco, No. 1252 Clay Street, Oakland, Cal.

Agents in all important cities and towns on the Pacific Coast.

\$15

SUIT

KAHN'S, 457 S. Broadway

THE Atlantic SHOE FOR MEN \$3.25 to \$4.25

The "Friedman Shoe Maker"

LECTURE No. 8

I don't want any Members of my "SHOE-WISE CLUB" to lose their "Sole." That's the Reason I "wet" them on to the Upper. The "Wet" is a Strip of choice Leather which is first sewed on to the Upper and to which the Sole is then joined. This is done on a powerful Machine using heavy waxed linen Thread making the sewing Stronger and much more even than the Hand Process. There are few Shoemakers in this Country who are Experts at this work, but I always manage to get the ones who can uphold the "FRIEDMAN STANDARD" OF PERFECTION.

"ATLANTIC" Low Shoes are soft, stylish and well fitting. Let our Dealer show them to you.

W. B. Bradshaw, the pastor of the Orpheum, and his wife, are congratulating them on the arrival of a seven-pound boy.

Mr. and Mrs. E. H. Kelso and daughter, Miss Edith Kelso, of Ingwood, will leave this week for an eastern trip.

Thomas W. Pugh of San Francisco is visiting relatives in Pasadena.

Hon. Alva Adams, former Governor of Colorado, and Mrs. Adams are touring Southern California.

Miss Gladys Corning has returned to her home in Illinois after visiting Mrs. Paul Schmidt of this city for a number of weeks.

Miss Edith Allison has returned on a visit to relatives in San Diego.
